## APR Kerbside Welcomes The CEO Institute (Syndicate 103)

The CEO Institute hosts a range of business events that feature prominent keynote speakers who address topical issues faced by CEOs.

Yesterday, APR Kerbside welcomed and hosted members from The CEO Institute Syndicate Program during their monthly meeting. On-site, group members from 'Syndicate 103' toured the APR Kerbside Material Recovery Facility in Truganina and gained valuable insight into the kerbside recycling process.

The event facilitated an opportunity for the like-minded leaders to network, discuss key business issues, learn and share knowledge.
